

Premium Masking Solutions

Q1® Carpet Protection

Q1® Carpet Protection is a protective film which provides a durable temporary carpet protection for painting and renovation projects.

Thanks to its adhesive properties and excellent water resistance, this film is very easy to use and reposition during masking operations, without leaving adhesive traces when removed.

Q1® Carpet Protection is the perfect tool for protecting any carpets against paint splatters, dirt, staining and spillages, offering superior performance even in humid conditions.

**Features**

- Easy to use
- Excellent water resistance
- Prevents paints spills and liquids getting through
- Excellent conformability on different carpets
- Reverse wound for easier application
- Easy removal without leaving sticky residue

Available Colour

Yellow

Product Reference

Part#	Size	Pcs/ Case
Q1CPF	600 mm x 25 m	6 Pcs/Case

Technical Data Sheet

Characteristics	Metric
Total Thickness	35 µm
MD elongation at break	> 300%
TD elongation at break	> 600%
Adhesion to steel plate	1.9 N/cm
Application temperature	18-50°C

Premium Masking Solutions

Additional Information**STORAGE**

We recommend to keep in a dry place, out of the light of the sun and with a temperature including between 15°C and 25°C.

The rolls must be stored and preserved in the original packing. However if storage conditions hadn't excellent, reshape the product before to use it.

APPLICATION

- The film must be applied within 6 months of the date of shipment.
- The surface protected by the film must not be exposed to the aggressive atmospheric agents.
- Place roll on the floor facing the direction it is to be applied and unwind approx 12 inches (300mm) of material. Ensure the roll is stuck by smoothing out by either hand or foot.
- Simply push roll forward using hands or feet ensuring roll goes in a straight line. Smooth out with hands or feet as it unwinds.
- An effective way of application is to push the roll along with a soft broom/brush using the brush to smooth out and remove air bubbles as it unwinds

GENERAL WARRANTY TERMS:

Q1® Carpet Protection film has been designed for the temporary protection of surfaces against dirt, or scratches caused by tools or handling operations; it has not been designed for protection against corrosion, humidity or chemical compounds. Applications can be different and application conditions may also vary and hence the customer should perform local test before using the product.

Product tests must be performed on the surface actually used and must reproduce faithfully all finished product processing and storage stages.

The values showed are the resulting of an average of analysis obtained of the normal production and they haven't legal value.

The values insert in this technical form are the result of analysis of just made's products.

Q1® shall not be liable for any damages due to improper use of its product.
